This manual contains activities with an explicit focus on forms that help students practice Spanish vocabulary and grammar. The activities are designed specifically to introduce students to the main concepts in a chapter prior to classroom instruction or to reinforce grammar points after classroom instruction. The Student Activities Manual: Preparation, is available in Quia format, as its questions require discrete answers. The Student Activities Manual contains homework and extra practice assignments for each lesson in the Chinese Link Traditional Characters Level 1 / Part 1 2e textbook. Homework activities are divided among

listening, character recognition and writing, grammar exercises, and communicative tasks. The topics are directly correlated with those in the respective chapters of the textbook. The organization of the Student Activities Manual (SAM) parallels that of the student text. Activities corresponding to each Tema in the textbook recycle and reinforce the vocabulary and grammar presented in the textbook. The Diario at the end of the activities for Temas 2 and 4 guides students in writing paragraphs on the topics of the chapter. As in the textbook, the communicative nature of activities has been maintained so that students are

required to think about the meaning of what they are writing, and grammatical forms are not practiced without relating them to meaning. The order of the activities follows directly the order of presentation of vocabulary and grammar in the corresponding Tema of the textbook, so that instructors who cover only part of a Tema during a class can easily assign the matching activities from that Tema of the SAM. As in the textbook, the final Tema of the SAM reviews material from throughout the chapter contextualized in a real-life setting. This SAM volume corresponds to Volume 1 of the Hoy día textbook. The Student Activities Manual

(Arbeitsbuch) offers additional practice with vocabulary, grammar, reading comprehension, and writing, as well as video viewing and listening comprehension opportunities that feature simulated conversations and pronunciation practice. Written by Mary O. Wiemann, Santa Barbara City College. This Activities Manual/Study Guide contains more than fifty class-tested exercises and more than five hundred study test items designed to build understanding of principles and proficiency in skills introduced in the book. Each chapter in the Activities Manual/Study Guide parallels the corresponding chapter in
